

Acrobatic Paganello 2003

Final Write-Up by Tony Leonardo

(repaged by Claudio Cigna)

The evening began with the Freestylers turning tricks on the illuminated dance floor.

Freestylers are totally different people than Ultimate players. They are the real inner child of each of us. All Ultimate players want to do is play games and play with frisbees. One-up the competition. Win on your own terms.

Play and make up new tricks. This is what Freestylers do and they are beautiful in this way.
